A Note from the Director

To our MTE family and audience,

Finding Neverland is a story about rediscovering wonder, hope, and the beauty of childlike faith. In a world that often pushes us to grow up too quickly, this show reminds us of something deeply biblical: that there is power in imagination, joy in innocence, and healing in believing again.

Throughout Scripture, we see God calling His people to trust Him with the faith of a child. Even in seasons of grief, uncertainty, or hardship, He invites us to hold onto hope and to remember that joy can still exist in the midst of pain. This story beautifully reflects that truth. It reminds us that love leaves a lasting impact, and that the stories we share, the kindness we show can change lives.

This cast has poured their hearts into every rehearsal, and I could not be more proud of them. My prayer is that as you watch this production, you leave encouraged and never lose sight of the dreams God has placed within you.

Enjoy the show!
